

All STCE directors are unpaid volunteers when undertaking duties directly for STCE. Dave Green and Fran Hunt both work for Sharenergy, which carries out some project work for STCE, in full compliance with STCE's conflict of interest policy.

<p>Robert Saunders  Chair</p>	<p>Robert has been an active environmental campaigner since 1979. He is vice-chair, Transition Telford; secretary, Wellington LA21; a founding member of Zero Carbon Shropshire and a member of the Marches LEP energy strategy group. He holds a Dip. HE in Environmental Science, and a BSc in Managerial &amp; Administrative Studies. Robert formerly worked for Marches Energy Agency on energy efficiency and renewables projects, and for Neighbourhood Initiatives Foundation on community participation, as well as various businesses in purchasing.</p>	
<p>Fran Hunt  Secretary</p>	<p>Fran worked for the Automobile Association for 10 years as an IT project leader. She has since worked as a project manager/co-ordinator at a number of environmental and charitable organisations, including the Small Woods Association, Shropshire Wildlife Trust and Marches Energy Agency. Fran is currently employed by Sharenergy as a development project officer, and volunteers with many organisations in her spare time.</p>	
<p>Dave Green  Treasurer and CET representative</p>	<p>Dave has worked in community energy, energy advice, assessment and training for nearly 20 years. He was energy officer for the award-winning Household Energy Service in Bishop's Castle from 2005-10 and a director of Shrewsbury Hydro from 2015-17. Dave is currently development manager at Sharenergy, working on a range of community energy projects across the UK.</p>	
<p>Howard Betts</p>	<p>Howard is a retired chemical engineer who has worked in technical and sales management with Ever Ready and set up, with colleagues, a new battery company in Telford when Ever Ready closed. That company is still thriving under its current owners, Aceon. He has been leading Little Wenlock Village Hall on its green journey for 15 years.</p>	

Mark  
Latham

Mark is an ecologist with over 15 years of practical experience working for academic institutions, private ecological consultancies, statutory nature conservation organisations and local government. Mark is a technical director at a leading UK infrastructure services and engineering company where his work seeks to embed biodiversity net gain and nature-based solutions into development projects. He has worked on the ecological elements of onshore wind, micro-hydro, offshore tidal and solar farm developments, including some of the largest schemes in the UK and Europe.
