

All STCE directors are unpaid volunteers when undertaking duties directly for STCE. Dave Green works for Sharenergy, which carries out some project work for STCE, in full compliance with STCE's Conflict of Interest policy.

<p>Robert Saunders Chair</p>	<p>Robert has been an active environmental campaigner since 1979. He is vice-chair, Transition Telford; secretary, Wellington LA21; a founding member of Zero Carbon Shropshire and a member of the Marches LEP energy strategy group. He holds a Dip. HE in Environmental Science, and a BSc in Managerial & Administrative Studies. Robert formerly worked for Marches Energy Agency on energy efficiency and renewables projects, and for Neighbourhood Initiatives Foundation on community participation, as well as various businesses in purchasing.</p>	
<p>Dave Green Treasurer and CET representative</p>	<p>Dave has worked in community energy, energy advice, assessment and training for nearly 20 years. He was energy officer for the award-winning Household Energy Service in Bishop's Castle from 2005-10 and a director of Shrewsbury Hydro from 2015-17. Dave is currently Development Manager at Sharenergy, working on a range of community energy projects across the UK.</p>	
<p>Howard Betts Secretary</p>	<p>Howard is a retired chemical engineer who has worked in technical and sales management with Ever Ready and set up, with colleagues, a new battery company in Telford when Ever Ready closed. That company is still thriving under its current owners, Aceon. He has been leading Little Wenlock Village Hall on its green journey for 15 years to become completely zero carbon in 2024</p>	
<p>Fran Hunt</p>	<p>Fran worked for the Automobile Association for 10 years as an IT project leader. She has since worked as a project manager/co-ordinator at a number of environmental and charitable organisations, including the Small Woods Association, Shropshire Wildlife Trust and Sharenergy. Fran currently works for Community Resource Shropshire, and volunteers with many organisations in her spare time.</p>	
<p>Mark Latham</p>	<p>Mark is an ecologist with over 15 years of practical experience working for academic institutions, private ecological consultancies, statutory nature conservation organisations and local government. Mark is a technical director at a leading UK infrastructure services and engineering company where his work seeks to embed biodiversity net gain and nature-based solutions into development projects. He has worked on the ecological elements of onshore wind, micro-hydro, offshore tidal and</p>	

	<p>solar farm developments, including some of the largest schemes in the UK and Europe.</p>	
<p>Neil Pulker</p>	<p>Neil has lived in Shropshire for 25 years, having worked for a premium car manufacturer in varying roles, for 30+ years prior to taking early retirement, having focused primarily on business development.</p> <p>Having had a successful career in a commercial Neil identified that he wanted a change of focus and joined a Walsall Charity, as a Trustee, focusing on helping the long-term unemployed return to employment, leaving as Chair, after his tenure was at an end.</p> <p>Currently, Neil is a Trustee of a small charity in Oswestry, assisting the disadvantaged of Shropshire, as well as a Parish Councillor.</p>	
<p>Heather Streetly</p>	<p>Heather has worked in Shrewsbury as a hydrogeologist for various environmental consultancies for 30 years until 2025. Having had a successful career in groundwater modelling and water resources management, she was keen to spend less time in front of a computer screen and has been enjoying volunteering for the Shrewsbury Food Hub, and working on a 'slow the flow' and rewilding project in South Shropshire with support from the Severn Rivers Trust.</p>
